

Inheritance Trusts price list

An inheritance trust is often used to help you protect a child or grandchild's inheritance. Money can be directed straight from a will into a trust so it is protected from the start.

An inheritance trust may suit you if you don't want to put your assets in a trust during your lifetime but would like to leave a trust structure in place to protect your loved ones best interests after you're gone.

What will it cost to manage the trust?

We charge a combination of fixed fees for the standard work we complete and hourly rates for additional work. Our hourly rates are priced from \$285.20 per hour for an Associate Trustee to \$499.10 per hour for a Senior Solicitor. The hourly rate that applies to a particular task depends on the expertise, experience, complexity of the work involved and the most effective and efficient management of the task. Our specialists will tell you their hourly rates and, if requested, will give you an idea of the fee for a specific task, when they meet with you.

* There will also be costs for disbursements such as; office costs, photocopies, faxes and postage.

Setting up any trust requires sound advice and a certain amount of legal work. Costs depend on the number of trusts you wish to set-up and the complexity of your situation.

We've listed our minimum fees for setting up simple trusts, and will be happy to provide an estimate if your situation is more complex and extra work is needed.

We do require a non-refundable \$743 set-up fee to be paid before we can get things started.

There are usually no ongoing costs until the trust becomes active. This might be when the inheritance is received, or other assets are placed in the trust, or you wish to change the trust in some way.

| Activity | Fee (Incl. GST) |
|---|-----------------------|
| Proposal (If your family make up or asset structure is complex, you may want us to prepare a proposal outlining the terms of the trust for you to consider) | \$373 |
| Establishment fee for one inheritance trust including a non-refundable \$743 set up fee (deposit) for each trust | \$1,486 |
| Preparation of a new will to include your inheritance trust(s) | See will pricing list |
